COMPANY PROFILE

Company Profile

Founded in 1993, Zhejiang Wharney Daily Chemical Co., Ltd. has evolved over the past three decades into a modern enterprise integrating R&D, manufacturing, and sales. Spanning an impressive 150,000 square meters, our company is a comprehensive player in the pet care industry, dedicated to providing premium daily consumer products for pets and their owners.

Business Highlights

Driven by robust R&D capabilities and a strong innovative spirit, Zhejiang Wharney holds a prominent position in the pet care sector. Our core product portfolio includes pet diapers, pee pads, wipes, and related accessories. We are actively expanding across the entire pet industry chain, offering holistic health and care solutions for pet owners.

Global Marketing Network

We have established a comprehensive sales ecosystem that encompasses traditional foreign trade in the North American market, extensive e-commerce operations across various Chinese provinces, and strategic partnerships with major global e-commerce platforms. With marketing teams strategically located in the United States, Hangzhou, and Yiwu, our agile supply chain management ensures rapid market response and highly efficient delivery.

Our Philosophy

We believe that every customer need is the driving force behind our continuous improvement. Zhejiang Wharney is committed to creating value for our clients, building a win-win platform with our partners, caring for pet health, and giving back to society. Looking ahead, we will remain customer-centric, upholding the

Vision & Commitment

Zhejiang Wharney Daily Chemical Co., Ltd. is dedicated to becoming a world-class hygiene and care products enterprise. Through continuous innovation and exceptional service, we strive to create greater value for our clients and society.

Let us join hands and create a brighter future together!

BE YOUR PET-FRIENDLY PARTNER

BRAND MISSION

Nurturing pets' well-being, creating warm connections between pets and people.

BRAND VISION

To become a trusted global companion brand for every pet and family.

MUTUAL WARMTH

Building a harmonious bond where pets and people grow together.

Dr. Viktor, a veterinary PhD based in Berlin, Germany, is dedicated to researching pet mental health. Through 16 years of study, he discovered that a pet's loneliness index can surge to four times its normal level when separated from its owner. Surveys indicate that about 29% of pets suffer from separation anxiety, exhibiting behaviors such as howling, pacing, excessive licking, and even refusing to eat. Pets left without their owners' company for extended periods are more prone to severe anxiety disorders, self-harm, and social impairments.

In 2008, Dr. Viktor teamed up with pet product engineer Mr. Fang to co-found Dono. The brand is committed to developing human-pet friendly interactive products that solve everyday pet care challenges and bring more joy to both owners and their pets. Through thoughtful design and companionship, Dono aims to ease separation anxiety and nurture the physical and mental well-being of our furry friends.
